FROM

T. B. COPELAND, Esq., I. C. S.,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 20th November 1908.

SIR,

I am directed to invite a reference to this Office letters noted on the margin, regarding the supply of information in respect of cases of opium smuggling occurring in the Mysore State.

No.1805/375.7 dated 11th June 1887.
No.177/375.7 dated 19th January 1891.

2. Under instructions from the Government of India, I am to say that half yearly returns of opium smuggling need not be forwarded to this office in future, but I am to request that if there be no objection, a brief review of the smuggling operations detected during the year may be included in the Durbar's annual administration reports.

3. The Resident will be glad if the Durbar will kindly arrange to furnish him with special reports on individual cases in which important information throwing new light on the mathods of smuggling has been obtained, whether these cases have resulted in a conviction or not.

4. A copy of Government of India, Finance Department, Resolution No.5871-Ex., dated 16th October 1908 is forwarded herewith for the information of the Durbar, who may be interested in the views therein expressed about co-operation

between the Excise and the Police Departments.

I have the honour to be,

RESOLUTION.

Simla, the 16th October 1908.

In their Resolution No. 1610, dated the 25th March 1901, the Government of India ordered that half-yearly returns of opium smuggling should include all cases occurring in the half year, while intermediate reports should be confined to individual cases throwing new light on the methods of smuggling. The utility of the half-yearly returns has been questioned by more than one Local Government, and the Government of India, on a reconsideration of the earlier orders, have decided that the returns may be discontinued. They will be glad, however, if Local Governments will include a brief review of the smuggling operations detected during the year in their annual Administration Reports.

2. The special reports on individual cases in which new information regarding the methods of smuggling has been obtained should be submitted as before and should extend to all such cases in which the information obtained is important whether they have resulted in a conviction or not. Copies of such reports should also be communicated direct to the Director of Criminal Intelligence for information.

3. The Burma Government in addressing the Government of India on the foregoing matters has also pointed out the desirability of direct and confidential communication between the Excise and the Police Departments of different provinces in cases where smuggling from one province to another has to be dealt with. This is specially necessary in the case of Burma in view of the policy pursued in regard to opium in that province; but the suggestion might also, in the opinion of the Government of India, be adopted with advantage in the case of smuggling elsewhere. It is understood that such communications between the Police Departments of different provinces is already permitted; and the Government of India will be glad if the Local Governments can allow the same freedom of action to the provincial Excise authorities.

4. The necessity for co-operation between the Excise and the Police Departments of the same province has already been referred to in paragraph 6 of the Government of India's Resolution No. 4341-Exc., dated the 11th July 1907, dealing with the recommendations contained in Chapter XIII of the Excise Committee's Report, and the different Local Governments will no doubt issue such instructions on the subject as they consider to be required.

5. It is also desirable that the Excise authorities should be instructed to communicate to the provincial Criminal Investigation Department information regarding any case of opium smuggling which has not been made over to the Police authorities for investigation, with a view to its being embodied in the confidential police supplement for the use of other provinces and for the information of the Director of Criminal Intelligence, on whom has been laid the duty of collating and communicating information regarding the smuggling of opium.

Ordered that a copy of the foregoing Resolution be communicated to all Local Governments and Administrations.

Ordered also that a copy of the above be communicated to the Home Department for information.

Secretary to the Government of India.
